THE G-TECH STORY

G-Tech Apparel ("G-Tech") is a high-tech apparel company specializing in heated clothing. The G-Tech Heat delivers the fastest, hottest and most concentrated heat directly to the hands on the market today.

Our signature Heated Pouch is currently in use by professional athletes all around the world in the NFL, CFL, NBA, MLB, NCAA, PGA Tour, LPGA Tour. Specifically in the golf world, the technology received glowing approval at the 2016 and 2018 Ryder Cups. So much so, it became the official Heated Pouch of the 2020 US Ryder Cup Team playing at Whistling Straits in 2021.

G-Tech Heat was originally designed to keep professional athletes warm, enabling them to perform at the highest level possible. It later evolved into a multi-purpose cold weather solution everyone could use. G-Tech helps people from all walks of life conquer the elements of the environment around them.

WHAT IS G-TECH HEAT?

G-Tech Heat is the hand-warming technology powering every Heated Pouch.

HEATED POUCH STEALTH 2.0 x MILITARY GRADE

COYOTE BROWN

BLACK

MULTICAM

The Heated Pouch Stealth 2.0 x Military Grade was developed with the input from US Armed Forces. It is upgraded with tougher materials and an additional layer of down material to increase durability and heat retention. A flap disguises the G-Tech LED Light from the environment, hence the name "Stealth."

- Outer Shell Fabric: 500 Denier Polyester
- Water Resistant & Waterproof
- Number of Layers: Four
- Additional Features: LED Light Flap

HEATED POUCH STEALTH 2.0 x REALTREE

REALTREE TIMBER

REALTREE MAX-5

The Heated Pouch Stealth 2.0 x Realtree was designed specifically for hunters & fishers to replace gloves and disposable hand warmers. It was upgraded with Realtree licensed hunting patterns and an additional layer of down material to increase durability and heat retention. Like the Military Grade, a flap disguises the G-Tech LED Light from the environment, hence the name "Stealth."

- Outer Shell Fabric: 600 Denier Polyester
- Water Resistant & Waterproof with PVC Backing
- Number of Layers: Four
- Additional Features: LED Light Flap

CORPORATE GIFTING AND EMBROIDERY PROGRAM

Whether you have clients, partners, employees or volunteers to impress, they will surely appreciate the gift of heated hands. G-Tech customizes Heated Pouches with unique logos as a way for our customers to say, Thank you. This increased visibility in the marketplace also creates valuable brand recognition and goodwill for companies.

"The G-Tech Heated Pouch is the perfect gift for anyone hoping to keep their hands and lower back warm during the round. I couldn't think of a better fit for our amateur contestants given the historical chilly mornings at the AT&T Pebble Beach Pro Am. I used my Heated Pouch a couple weeks ago at Bandon Dunes for Matt Ginella's Annual golf event and loved the G-Tech Heat!"
